Quadria Capital closes Asia's first social loan to support healthcare investments in South and Southeast Asia

SINGAPORE, August 10, 2023. Quadria Capital ("Quadria"), one of Asia's largest healthcare-focused private equity firms, has closed a revolving credit facility of up to \$200 million, to finance its investments in healthcare, pharmaceutical and diagnostic assets that improve access to healthcare across South Asia and Southeast Asia.

The facility is structured such that loans drawn for the purpose of its investments may be eligible to be classified as "social loans" in accordance with the Social Loan Principles as published by the Loan Market Association, Asia Pacific Loan Market Association, and Loan Syndications and Trading Association following a review by ING Bank N.V. ("ING"), the facility's social coordinator. Investments are considered eligible as social loans for the facility if they improve access to essential services such as healthcare, support food security and sustainable food systems, and socioeconomic advancement, among other criteria. Through this facility, Quadria will be able to fund investments more efficiently and set investee companies on the path to achieving their business goals and making a tangible impact on society.

Singapore's Quadria secures \$200m 'social' credit facility

Singapore-based healthcare specialist Quadria Capital has secured a revolving credit facility of up to USD 200m for investments deemed "social projects."
